

Private. Bilingual. Individual.

The International School Solothurn (ISSO) is an open-minded, liberal, bilingual all-day school that allows children and young people to develop their individuality and full personality, thereby preparing them for the challenges of our global society.

Familial. Personal. Ambitious.

ISSO is open to local and international families. The school accompanies children from four years onwards in kindergarten, and leads them up to 6th class at the primary level. Thanks to excellent specialist and interpersonal education and teaching, students can effortlessly transfer to public or private schools at any level.
